63SPORTS

The World Police & Fire Games 2022 are not just any sports event.

With 63 sports specifically relevant to the services and many other regular sports, the WPFG is the largest multidisciplinary mixed-sport event in the world.

Unique spectacle

Disciplines such as crossFit, athletics, ultimate firefighter, rugby and biathlon with police dogs make the Games a unique spectacle to watch. So we expect to see plenty of interest in all the sports.

10,000 COMPETITORS FROM 70 COUNTRIES

From all over the world, personnel from the Police, Fire, Customs and Corrections services will come to the Netherlands for the World Police & Fire Games 2022. No fewer than 10,000 competitors from 70 countries will meet each other in the summer of 2022 in a sporting setting, share experiences and make contacts.

Invaluable encounters

Sharing the sometimes intense, emotional and impactful experiences with international colleagues during this edition will once again lead to invaluable encounters for the public safety workers.

Public safety workers in the spotlight

Besides creating encounters, during WPFG2022 we are offering all public safety personnel a platform to collectively thank them for the work they do for our society, day in and day out.

40,000 SUPPORTERS AND SPECTATORS

We are also providing the supporters and spectators with a fantastic experience during the World Police & Fire Games 2022.

Besides a grand opening ceremony, including a procession of the athletes, on July 22, 2022 in the Feyenoord Stadium in Rotterdam, all 63 sports are open to the public. We are also providing the supporters and spectators with an attractive program that includes a wide variety of activities in and around Rotterdam.

We expect to welcome over 40,000 supporters and spectators during WPFG2022.

This makes it a wonderful opportunity to bring your organization and/or brand to the attention of a large audience.

Wonderful opportunity for businesses

"The WPFG2022 provides a wonderful opportunity for all of us. For businesses as well.

Because, in addition to facilitating valuable meetings between the services, we also offer a platform to the public safety workers who are there for us day and night — in often difficult circumstances.

Which is why I am calling on all companies — and in particular those that make use of the services on a regular basis — to get in touch and seize this great opportunity."

VISIBILITY TO THE MAX

In the run-up and during the World Police & Games 2022, a great deal of attention will be paid to the unique event that is coming to the Netherlands for the very first time.

With an online and offline media campaign, a strong social-media strategy, surprising PR and inspiring communications, the WPFG2022 will be introduced to a large audience.

In the summer of 2022, it will not escape anyone's notice that the World Police & Fire Games are taking place in the Netherlands – partly due to the city dressing in Rotterdam.

DIVERSITY AND INCLUSION

The Netherlands is characterized by a diversity of cultures, knowledge and experiences, as well as viewpoints. Diversity means that there are differences in all sorts of aspects such as age, migration background, gender, character traits and sexual orientation.

Strong organizations through diversity

It is precisely this diversity that makes for strong organizations within the fire, police, customs and corrections services. Organizations that reflect society.

In sport we unite

Inclusion means that everyone feels involved and valued; not in spite of differences, but because of them. No one is excluded, implicitly or explicitly, on the basis of their individual characteristics. This applies within corps, departments, barracks and teams; and also in sport. In sport we unite!

The WPFG2022 embraces the themes of diversity and inclusion. Nowhere else in the world do so many different people come together who all have the same passions: their work and their sport. That is why diversity and inclusion is one of the main themes of the WPFG2022 side–event program.

In addition to a two-day international conference and theme days in the Athletes Village, a diverse range of activities are being developed to celebrate diversity and inclusion in all its facets.

Do you embrace this theme, too? If so, you can link your name to parts of the side-event program by becoming a sponsor.
